[01] ABOUT

BIOGRAPHY

ERAN is a global DJ and producer redefining the sound of modern Afro and melodic house. Blending tribal rhythms, deep grooves and Middle Eastern influences, his music creates powerful, hypnotic experiences that move dance floors worldwide.

With a signature sound that bridges underground depth and global appeal, ERAN has emerged as one of the most in-demand names in the scene. His career reached a defining moment with his collaboration with Madonna on "Sorry", cementing his presence on the international stage.

His growing catalog includes collaborations and remixes with global icons such as Snoop Dogg, Timati, Bob Sinclar, David Guetta, Swedish House Mafia and Alicia Keys — reflecting both his versatility and influence at the highest level.

From major festivals like EDC, BPM Festival and Zamna to elite venues across Miami, Ibiza, Dubai and beyond, ERAN delivers high-energy performances that connect deeply with global audiences. With releases on Insomniac, Armada, Spinnin' and Ultra, and over 100 million streams on Spotify, he stands at the forefront of a new wave of global electronic artists.

MORE THAN A DJ, ERAN IS A SOUND, A VISION AND A MOVEMENT.
